

Knights of Columbus Hockey Club

# 1KC4 victory

June 1, 2010

Dear KC Hockey Player,

It has always been the Knights of Columbus Athletic Club's "A" Program mandate to have our very best KC players in each division (known as the **Rep Program**) playing against the very best players from other teams inside Edmonton Minor Hockey. KC structures this program to develop elite hockey players to one day play for the KC PATS Midget AAA hockey team. Below,

**Midget AA Colts LEAGUE CHAMPS!**

**Novice Tier 1 Knights CITY CHAMPS!**

The KC coaching philosophy is an integral part of the KC coach development process. **Our philosophy is "You Pick 'em –You Play 'em"**. We believe that all KC players should have the same opportunity to play and develop if selected during the tryout process. This season will welcome in a new evaluation process that has proved to be successful throughout the years. Jim Fleming will be leading the charge and helping our coaching staff select their teams.

I would like to encourage all KC players from the **Sabres, South Side Knights, Annunciation, Good Shepherd, St. Matthew and St. Charles** to sign-up for conditioning camp and rep tryouts. Our very best KC players playing together on the same ice seems unbeatable.
